

3 Pennsylvania Place Ottumwa, Iowa 52501 641-683-3372

December 31, 2020

Vista Woods Care Center is happy to announce that our COVID-19 vaccine agreement with Walgreens Pharmacy has officially scheduled clinic dates for our residents and staff.

The first clinic date will be January 13, 2021. All Walgreens pharmaceutical staff will be tested two to three days prior to each clinic date, will be screened in and wear all required personal protective equipment (PPE). The second clinic date will be February 3, 2021. This vaccine is a two-step series. There will be a third clinic on February 24, 2021 that will allow any new residents or employees the opportunity to receive the second dose.

Walgreens pharmaceutical staff will provide the required supplies, cold-chain management and storage, monitoring of individuals being vaccinated and reporting the vaccines to the immunization registry (IRIS). Walgreens will be billing individual insurance companies for the vaccine administration, but not the vaccine itself. The vaccine has been funded by the national government at no cost.

This brings light to the new year and the beginning of the end of the pandemic. Please continue to practice social distancing, wearing masks and hand hygiene. We appreciate all the residents, families and community for their continued support.
